What ...

Our competences

Principal services provided include:

- ▶ **urban, regional, national and international bus and coach services**
 - ▶ **urban, regional and national rail services**
 - ▶ **urban metro and tram services**
 - ▶ **taxi and other demand responsive services**
 - ▶ **ferry and harbour services**
 - ▶ **network planning services**
 - ▶ **bus, coach and train station management**
-

What...

Representing the Commercial Approach...

- ▶ **Development of a competitive market structure for the supply of public transport services**

- ▶ **Support the opening of the passenger transport market for competition**

- ▶ **Deliver passenger transport services:**
 - ▶ In high quality
 - ▶ Effective
 - ▶ Efficient in the use of resources
 - ▶ Represent good value for money

How...

...in an efficient way!

- ▶ EPTO helps to shape the framework for **delivering real benefits to the economic growth and social well-being of communities:**
 - ▶ **Efficient public transport** is important in sustaining development and economic growth.
 - ▶ **Investment and innovation** in urban public transport networks by private sector public transport operators is helping to **reduce local authority subsidy**.
 - ▶ **Bus priority schemes** are improving public transport efficiency and are attracting users from cars for some journeys.
 - ▶ Effective and strong partnerships between local authorities and private sector public transport operators are **delivering investment, innovation and improved public transport networks**.
